

AMTES

AMTES GmbH is a growing MRO, providing maintenance for Airbus 320, Boeing 737-CL, 737-NG, 747-400, 747-8F, and 777 as well as AN-124 and IL-76 aircrafts with branches at Airport Leipzig/Halle (LEJ) and Frankfurt/Main (FRA). We are a rapidly growing company bringing exciting opportunities for the right professional, who thrives on change and who would like to play a part in our growth. For our extended business at airport Leipzig/Halle (LEJ) we are looking as soon as possible for an:

EASA CAT-B1 Engineer for Boeing 737 CL (m/f/d)
EASA CAT-B1 Engineer for Boeing 747-8 (m/f/d)
EASA CAT-B1 Engineer for Boeing 777-200/300 (m/f/d)

Your profile

- Valid European Union EASA Part-66 license with at least one required type rating
- Experienced in aircraft maintenance
- Flexibility (workplace / work time), resilience and quality awareness
- Independent, structured and result-oriented working methods
- Reliability and high level of commitment
- Ability to adapt to changing work conditions and issues
- Willingness to shift work (including nights and weekends)
- Good English knowledge
- Driving license class B
- Clean criminal record

Our offer

- Unlimited job contract
- Good development opportunities
- Interesting and wide range of tasks
- Competitive salary
- Professional working atmosphere in an international team
- Payment of allowances (Sundays, bank holidays, night work from 8pm)
- Support with work permit if necessary

Please send your application to hr@amtes.de

We look forward to you hearing from you!
